DIGITAL PHOTOGRAPHY

DIGITAL CRITIQUE SHEET

1) Open Google Classroom

2) Create a Digital Critique sheet. Use one of the following:
   a. *Google Document*
   b. *Google Slides*
   c. *Word Document*
   d. *PowerPoint*

> **TIP for Google Classroom - open the assignment in Google Classroom:**
> • click on CREATE to make a new *Google Document or Google Slide*
> • click ADD to add an existing *Word Document or PowerPoint*

3) Add the title information at the top of your digital critique sheet:
   • Name
   • Date
   • Class Period
   • Assignment Title

4) Insert the correct amount of photos for the assignment (see handout). Remember to label your photos - per assignment directions.

5) Include a written critique about your VERY BEST Photo: REMEMBER to use your Art/Photo Academic Vocabulary in your explanations. This is how you earn the grading rubric points in standards: AO2, AO4, and AO5
   • Write about your **BEST** photo – explain **WHY** you like that photo the best <u>and</u> WHAT it took to get the shot (what can be things like: location, camera type, camera setting, lighting of the scene….)
   • Should be a good 2-3 sentences for the "Why" and, again, for the "What"
   • You may write about more than one photo, if you feel inspired to do so.

6) When the page is complete; Save your *"Digital Critique Sheet"* to your student folder in our Class Google Drive.

> **TIP for saving your document:**
> Add YOUR name and the project title to the document file name when you save it to the Google drive. Ex: "Macro – Missy Green – Digital Critique Sheet"

7) Go to the assignment and TURN IN your digital critique sheet before the deadline.
