**Deity Amate Bark Painting – Objective:** Students will create an Amate Bark Painting based on a chosen Aztec, Inca, or Mayan researched Deity and traditional cultural aspects of the amate painting.

**Students:** My job for this project is to create a Deity based Amate Bark Painting using acrylic paint, brown prepared paper, and sharpie markers. By the end of this project, I will have created a traditional cultural type amate painting based on my researched Deity and stylized with designs and colors that support my Deity's cultural meaning and legend.

**Language Objective:** Students will discuss their ...\*Deities \*compositions \*color ideas \*color creations \*design ideas ...with their table partners and provide each other with useful and specific feedback that they will then use to make revisions and refinements to their work before turning in.
