## Peer-to-Peer Feedback

**Directions:** I will **participate** in a Peer-to-Peer Feedback in which I will share **verbal feedback** with my (assigned partners) about our Watercolor Landscapes – pointing out areas of success and areas that need some refinement.

I will take notes while I am getting the feedback so I know what I need to work on and what I need to repeat again because it is/was successful. I will use the notes to revise and refine my work.
