

RULE OF THIRDS

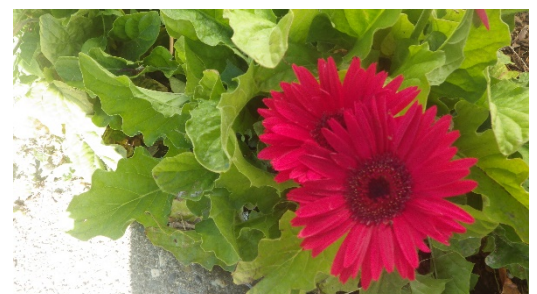

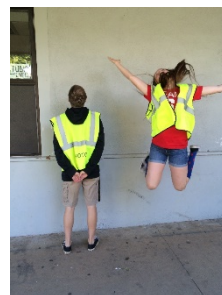

– On Campus Rules Apply –
Respectful, Responsible & On Task

Materials Needed:

- Digital Camera
- Access to a Student Computer
- Digital Critique Sheet
- **8 BEST** Rule of Thirds photos

Directions:

- 1) Brainstorm ideas for how to Use the composition tool *"RULE OF THIRDS."*
 You will need to take at least 8 photos.
(At least 18 for your Google folder)
- 2) Using a digital camera, capture a variety of examples for *"RULE OF THIRDS."*
- 3) After you have taken all of your *"RULE OF THIRDS"* images, upload your photos to the your folder in the Google drive.
- 4) Edit your photos on the computer as needed. Crop, rotate, change settings, etc.
- 5) Create a Digital Critique sheet. Refer to the directions already provided.
- 6) Save your Digital Critique Sheet to your student folder.
- 7) Open Google classroom.
- 8) Go to the assignment and **TURN IN** your digital critique sheet before the deadline.

RULE OF THIRDS

The rule of thirds involves mentally dividing up your image using 2 horizontal lines and 2 vertical lines. You then position the important elements (subjects) in your scene along those lines, or at the point where they meet.

EXAMPLES:
